Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it prevails to a greater extent than elsewhere, procured from South America, certain roots and herbs, from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more afficacious in the cure of Pyspepsy, than any medicine that has ever been prepared in any age or any clime. for the same purpose.

Having submitted it, with an explanation of its com-

ponents, to a number of Physicians of Philadelphia, a-mong whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the Medical Faculty are now not only prescri bing it for their patients, but are using it themselve personally, and in their families. As a tonic, it is une qualled, and its properties are of so invigorating a na-ure, that it is given with perfect safety and success to the most tender infants. the mest tender infants.

NEAR JACKSON, Madison county, Tenn., To all persons afflicted with Gravel.

MR. J. F. COWAN —Dear sir —I hereby certify that in the summer of the year 1855, a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attacked with gravel. A Physician was called who attacked on him for several months, during which time he grew worse daily, until he was helpless, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I procured a few bottles, the first of which gave him renef, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptoms of said disease, and to all appearance is a k healthy as any servant on my plantation.
